OBJECTIONS AND ANSWERS¹

INTERROGATORY NO. 1: Identify the "conditions subsequent" referred to in paragraph 40 of the Amended Answer.

ANSWER:

The conditions subsequent referred to in paragraph 40 of the Amended Answer refer to the disposition of the portfolio company interests managed and/or owned, directly or indirectly, by Highland and/or its affiliates or managed funds on a favorable basis or on a basis wholly outside Dondero's control.

INTERROGATORY NO. 2: With respect to each Note, identify:

- (a) the person who provided legal advice to James Dondero in connection with the negotiation, drafting, and execution of each Note, if any;
- (b) the person who provided legal advice to the Debtor in connection with the negotiation, drafting, and execution of each Note, if any; and
 - (c) the person who drafted each Note.

ANSWER:

Dondero objects to this interrogatory to the extent that it seeks privileged information. Subject to this objection, Dondero responds as follows:

Dondero does not know who specifically drafted the Notes, however, he believes they were drafted by an individual in either the Highland legal or finance department.

INTERROGATORY NO. 3: Identify the "mutual obligation" referred to in paragraph 41 of the Amended Answer, including (a) the date the mutual obligation was incurred, (b) any documents referring to or reflecting the mutual obligation, (c) the amount of the mutual obligation, (d) any demands made by James Dondero to the Debtor for payment on the mutual obligation.

¹ Defendant makes these responses subject in all respects to his Motion for Withdrawal of the Reference [Adv. Dkt. No. 21] and the Motion to Stay Pending the Motion to Withdraw the Reference of Plaintiff's Complaint [Adv. Dkt. No. 22] filed on April 15, 2021. For the reasons stated in the motions, Defendant believes that the reference should be withdrawn and this proceeding stayed while the motion to withdraw the reference is considered. Defendant does not waive, but instead hereby preserves, his right to a jury trial and all rights and requests for relief asserted in the motions. Defendant does not consent to the Bankruptcy Court determining this proceeding or entering final orders or judgments in this proceeding. Defendant requests that the reference be withdrawn and that the District Court adjudicate this proceeding.

ANSWER:

Defendant is not pursuing in this action the mutual obligation referred to in paragraph 41 of the Amended Answer, which refers to potential contribution and/or indemnity claims that are largely unliquidated and contingent, and which Dondero cannot identify until all potential claims are resolved.

INTERROGATORY NO. 4: Identify every person James Dondero believes has personal knowledge of the alleged mutual obligation referred to in paragraph 41 of the Amended Answer.

ANSWER:

James Dondero

Frank Waterhouse

Mark Okada

John Honis

Scott Ellington

INTERROGATORY NO. 5: Identify the "debt" referred to in paragraph 41 of the Amended Answer, including (a) the date the debt was incurred, (b) any documents referring to or reflecting the debt, (c) the amount of the mutual obligation, (d) any demands made by James Dondero to the Debtor for payment on the debt.

ANSWER:

See Response to Interrogatory No. 3.

INTERROGATORY NO. 6: Identify every person James Dondero believes has personal knowledge of the alleged debt referred to in paragraph 41 of the Amended Answer.

ANSWER:

See Response to Interrogatory No. 3.

INTERROGATORY NO. 7: Identify each provision of each Note that James Dondero contends is ambiguous.

ANSWER:

Dondero contends that each Note as a whole is ambiguous because it refers to additional agreements without specifying them.

May 18, 2018

PricewaterhouseCoopers LLP 2001 Ross Avenue, Suite 1800 Dallas, TX 75201

We are providing this letter in connection with your audit of the consolidated financial statements of Highland Capital Management, L.P. and its subsidiaries (Appendix 1), (hereinafter collectively referred to as the "Partnership") as of December 31, 2017 (hereinafter referred to as the "balance sheet date") and the related consolidated statements of income, of changes in partners' capital, and of cash flows for the year then ended (hereinafter referred to as the "period"), (hereinafter collectively referred to as the "consolidated financial statements"), for the purpose of expressing an opinion as to whether such consolidated financial statements present fairly, in all material respects, the financial position, results of operations, changes in partners' capital and of cash flows of the Partnership in conformity with accounting principles generally accepted in the United States of America. We acknowledge and confirm that we have fulfilled our responsibility, as set out in our engagement letter of February 2, 2018, for the preparation and fair presentation in the consolidated financial statements of financial position, results of operations, changes in partners' capital and of cash flows in conformity with accounting principles generally accepted in the United States of America, including the appropriate selection of accounting policies.

Certain representations in this letter are described as being limited to those matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in the light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would have been changed or influenced by the omission or misstatement. Materiality used for purposes of these representations is \$2,000,000.

We confirm, to the best of our knowledge and belief, as of May 18, 2018, the date of your report, the following representations made to you during your audit:

General

- 1. The consolidated financial statements referred to above are fairly presented in conformity with accounting principles generally accepted in the United States of America (US GAAP), and include all disclosures necessary for such fair presentation and disclosures otherwise required to be included therein by the laws and regulations to which the Partnership is subject. We have prepared the Partnership's consolidated financial statements on the basis that the Partnership is able to continue as a going concern. There are no conditions or events, considered in the aggregate, that raise substantial doubt about the Partnership's ability to continue as a going concern within one year after the date these consolidated financial statements are issued.
- 2. We have made available to you:
 - a. All financial records and related data.
 - b. Unconditional access to persons within the entity from whom you have requested audit evidence.

Exhibit 14

- c. All minutes of the meetings of committees or other governing bodies applicable to the Partnership, including but not limited to, investors, Partners and committees of Partners, including summaries of actions of recent meetings for which minutes have not yet been prepared. The most recent meetings held were Pricing Committee, May 11, 2018.
- d. Partnership agreements, Memoranda and Articles of Association, Confidential Offering Memoranda and amendments thereto (individually or collectively referred to hereinafter as the "Governing Documents"), and all other agreements to which the Partnership is subject.
- e. Contracts or other agreements with the Partnership's service providers.
- f. All official written reports, findings, recommendations and communications from specialists or professional advisors engaged to review investments, systems, processes, operations, or compliance programs of the Partnership that are material to the Partnership, individually or in aggregate.
- g. All side letter arrangements, whether written or oral, with any investors entered into or cancelled during the period for which noncompliance would have a material effect on the Partnership's consolidated financial statements. These side letters are allowed under the terms of the Governing Documents.
- h. Withdrawal requests submitted or communicated by investors through the date of this letter.
- 3. We are responsible for all significant estimates and judgments affecting the consolidated financial statements. Significant estimates and judgments and their underlying assumptions, methods, procedures and the source and reliability of supporting data are reasonable and based on applicable guidance, are completely and appropriately disclosed in the consolidated financial statements, and appropriately reflect management's intent and ability to carry out specific courses of action, where relevant. The procedures and methods utilized in developing assumptions, estimates and judgments are appropriate and have been consistently applied in the periods presented. There have been no subsequent events which would require the adjustment of any significant estimate and related disclosures.

Legal and Regulatory Compliance

- 4. There have been no communications from regulatory agencies concerning the Partnership's noncompliance with or deficiencies in financial reporting practices.
- 5. There have been no violations or possible violations of laws or regulations whose effects should be considered for disclosure in the consolidated financial statements or as a basis for recording a loss contingency.
- 6. The Partnership has complied with all aspects of contractual agreements that would have a material effect on the consolidated financial statements in the event of noncompliance.

Fraud

7. We acknowledge our responsibility for the design and implementation of programs and controls to provide reasonable assurance that fraud is prevented and detected.

2

- 8. We have disclosed to you the results of our assessment of the risk that the consolidated financial statements may be materially misstated as a result of fraud and we have no knowledge of any fraud or suspected fraud affecting the Partnership involving:
 - a. Partnership management or its affiliates,
 - b. Employees who have significant roles in the Partnership's internal control over financial reporting, or
 - c. Others where the fraud could have a material effect on the consolidated financial statements.
- 9. Except for previously disclosed, we have no knowledge of any allegations of fraud or suspected fraud affecting the Partnership received in communications from employees, former employees, regulators, service providers, counterparties, current or former investors, or others.

(As to items 7, 8, and 9, we understand the term "fraud" to mean those matters described in AICPA AU-C 240.)

Assets, Liabilities and Capital

Assets:

- 10. The Partnership has satisfactory title to all owned assets, including investments, and there are no liens or encumbrances on such assets nor has any asset been pledged as collateral, including, but not limited to, assets pledged or assigned as security for liabilities and performance of contracts, except as disclosed in the consolidated financial statements. All deposit and brokerage accounts and all investments and other assets of the Partnership of which we are aware are included in the consolidated financial statements.
- 11. Receivables recorded in the consolidated financial statements represent bona fide claims against debtors for transactions arising on or before the balance sheet date. All receivables have been appropriately reduced to their estimated net realizable value. Receivables, if any, from shareholders/partners or their affiliates, have been collected before the date of this letter.
- 12. We have evaluated all transfers of financial assets during the period, including, but not limited to, transfers between the Partnership and other affiliates, to determine that control over the transferred assets has been surrendered and that all of the conditions in accordance with Accounting Standards Codification (ASC) 860, *Transfers and Servicing*, ASC 860-10-40-5 have been met.

Investments:

With respect to Partnership's investments:

13. Portfolio investments included in the Partnership's consolidated financial statements have been stated at fair values as determined by management in accordance with the valuation methods set forth in the Governing Documents and related policies and procedures. Such policies are in accordance with US GAAP (e.g., fair value of an investment is that price which would be received to sell or paid to transfer, respectively, those assets or liabilities in orderly transactions between market participants).

3

- 14. The valuation policies used for securities or investments whose fair values have been estimated by management are appropriate and have been consistently applied and documented. The policies for fair value measurement are appropriately disclosed in the Partnership's consolidated financial statements. The methods, assumptions, and inputs used are appropriate and result in a fair value appropriate for consolidated financial statement measurement and disclosure purposes. As of the balance sheet date, the investments for which fair value were determined by estimates made by Partnership are appropriately disclosed in the Partnership's consolidated financial statements.
- 15. We have informed you of any investments as of the balance sheet date that have restrictions on their sale or transferability. We have appropriately considered restrictions that are an attribute of the investment in our fair value determination.
- 16. The cost of portfolio securities was determined on the basis of FIFO method.
- 17. All Partnership investments made during the period were in accordance with the investment policies stated in the Governing Documents. All investments made during the period were authorized by appropriate personnel.
- 18. We have made available to you all information received from third party specialists engaged with respect to the valuation of investments. We believe that the data used in the work of the third-party specialists is accurate, complete, and relevant, and that our fair value determinations have been properly determined using such data and assumptions. We assume responsibility for, and are responsible for the evaluation of, the findings of third-party specialists in order to determine the fair value of the investments. We have adequately considered the qualifications of the third-party specialists in determining the amounts and disclosures used in the consolidated financial statements and underlying accounting records. We did not give nor cause any instructions to be given to third-party specialists with respect to the values or amounts derived in an attempt to bias their work, and we are not otherwise aware of any matters that have had an impact on the objectivity of the third-party specialists.
- We evaluated all contracts and financial instruments to determine whether they meet the definition of a derivative under ASC 815, Derivatives and Hedging (ASC 815).

Liabilities:

- 20. All liabilities of the Partnership of which we are aware are included in the consolidated financial statements at the balance sheet date. There are no other liabilities or gain or loss contingencies that are required to be recognized or disclosed by ASC 450, *Contingencies*, and no unasserted claims or assessments that our legal counsel has advised us are probable of assertion and required to be disclosed in accordance with that Topic.
- 21. The Partnership is not an "SEC registrant" as that term is used in ASC 480, *Distinguishing Liabilities* from Equity, 480-10-65-1. The Partnership has properly classified and disclosed as liabilities its mandatorily redeemable securities and other financial instruments (e.g., payable) that are within the scope of ASC 480-10-65, *Effective Date, Disclosures, and Transition for Mandatorily Redeemable Financial Instruments of Certain Nonpublic Entities and Certain Mandatorily Redeemable Noncontrolling Interests*, in the consolidated financial statements.
- 22. The actuarial valuation of pension benefit obligations was determined using an acceptable methodology applied on a consistent basis and taking into account the individual characteristics of

4

- the plan and reasonable assumptions, including those for the discount rate, rate of return on plan assets, mortality rate and other demographic assumptions.
- 23. We accurately described the processes used by management to make investment decisions, including the target allocation percentages or range of percentages for each major category of plan assets, and to determine the overall expected long-term rate of return on assets.
- 24. The amounts of expected employer contributions to the benefit plan during the next fiscal year represent our best estimate.
- 25. We do not intend to compensate for the reduction of postretirement benefits by granting an increase in pension or other benefits.
- 26. We applied the recognition, disclosure and measurement date provisions of ASC 715, Compensation-Retirement Benefits (ASC 715). The resulting benefit asset represents the overfunded status of the plan, and accumulated other comprehensive income includes all previously unrecognized prior service costs and credits, net gains/losses and transition assets and obligations, net of taxes.
- 27. We measured and recognized all plan assets as of the plan's measurement date at fair value in accordance with ASC 715, Compensation- Retirement Benefits (ASC 715).

Capital:

28. Partner capital balances, including the allocation of income, gains and losses, and the calculation of management fees and incentive fees/allocation have been properly calculated throughout the period in accordance with the Governing Documents, after giving consideration to the terms identified in each investor's subscription document. The methodology was consistently applied throughout the period and was correctly applied in the computation of contribution and withdrawal transactions during the period.

Statement of Income

29. All material expenses charged to the Partnership are permissible under the terms of the Governing Documents. All directed brokerage and other expense reimbursement agreements, if any, have been properly disclosed in the consolidated financial statements.

Tax Matters

- 30. There are no material tax liabilities incurred by the Partnership under the provisions of ASC 740, Income Taxes. We have made the necessary provisions and disclosures in the consolidated financial statements as required by ASC 740, Income Taxes. The resulting liabilities are supported by specifically identified income tax exposures.
- 31. We have provided you with all information and our assessment related to all significant uncertain income tax positions that we have taken, or expect to take, of which we are aware. We have also provided you with access to all opinions, rulings, memoranda and analyses that relate to positions we have taken in regard to significant income tax matters. We are responsible for the accuracy and completeness of information provided to external counsel and we believe that the facts are consistent with any stated assumptions made by external counsel for purposes of forming such tax opinions. We have made you aware of and have disclosed all significant tax positions for which it is reasonably

5

possible the amount of unrecognized tax benefit will either increase or decrease in the next 12 months

Disclosure and Presentation of Consolidated Financial Statements

- 32. The effects of the uncorrected consolidated financial statement misstatements are immaterial, both individually and in the aggregate, to the consolidated financial statements taken as a whole.
- 33. We have appropriately reconciled the Partnership books and records (including, but not limited to, general ledger accounts, financial accounts maintained outside the general ledger and trial balances) underlying the consolidated financial statements to their related supporting information (e.g., sub ledger, or third-party data). All related reconciling items considered to be material were identified and included on the reconciliations and were appropriately adjusted in the consolidated financial statements, as necessary. There were no material un-reconciled differences or material general ledger suspense account items that should have been adjusted or reclassified to another account balance. There were no material general ledger suspense account items written off to a balance sheet account, which should have been written off to a statement of operations account and vice versa. All consolidating entries have been properly recorded. All intra-entity accounts have been eliminated or appropriately measured and considered for disclosure in the consolidated financial statements.
- 34. There are no material transactions, agreements or accounts that have not been properly recorded in the accounting records underlying the consolidated financial statements.
- 35. The following, if material, have been properly recorded or disclosed in the consolidated financial statements:

 - e. Significant estimates and material concentrations known to us that are required to be disclosed in accordance with ASC 275, *Risks and Uncertainties*. (Significant estimates are estimates at the balance sheet date that could change materially within the next year. Concentrations refer to matters such as volume of investment activity, available sources of financing, markets or geographic areas for which events could occur that would significantly disrupt investment performance within the next year.)
 - f. All cash and deposit accounts and all other properties and assets of the Partnership are included in the consolidated financial statements.
 - g. All financial instruments, including those with off-balance-sheet risk (including, but not limited to, swaps, forwards and futures), as required under US GAAP. This includes the following information with respect to the off-balance-sheet risks and the concentrations of credit risk:

The netting of assets and liabilities has been performed in accordance with the specific requirements of ASC 210, Balance Sheet, 210-20-45-1 and ASC 815-10-45-5.
- 38. The Partnership has properly recorded, classified and disclosed the prime broker margin collateral requirements in the consolidated financial statements in accordance with ASC 860, *Transfers and Servicing*, as to the recognition and reclassification of collateral and disclosures relating to securitization transactions and collateral.

IN THE UNITED STATES BANKRUPTCY COURT FOR THE NORTHERN DISTRICT OF TEXAS DALLAS DIVISION

HIGHLAND CAPITAL MANAGEMENT, L.P.,1	5 §	Case No. 19-34054-sgj11
Debtor.	9 §	
	§	

GLOBAL NOTES AND STATEMENT OF LIMITATIONS, METHODS, AND DISCLAIMER REGARDING DEBTOR'S SCHEDULES OF ASSETS AND LIABILITIES AND STATEMENT OF FINANCIAL AFFAIRS

Highland Capital Management, L.P. (the "<u>Debtor</u>") submits its Schedules of Assets and Liabilities (the "<u>Schedules</u>") and Statement of Financial Affairs (the "<u>SoFA</u>") in the United States Bankruptcy Court for the Northern District of Texas, Dallas Division (the "<u>Bankruptcy Court</u>"). The Debtor, with the assistance of its advisors and management, prepared the Schedules and SoFA in accordance with section 521 title 11 of the United States Code, 11 U.S.C. §§ 101-1532 (the "<u>Bankruptcy Code</u>") and Rule 1007 of the Federal Rules of Bankruptcy Procedure (the "<u>Bankruptcy Rules</u>").

These Global Notes and Statement of Limitations, Methods, and Disclaimer Regarding the Debtor's Schedules and SoFA (collectively, the "Global Notes") pertain to, are incorporated by reference in, and comprise an integral part of the Schedules and SoFA. These Global Notes should be referred to, and reviewed in connection with any review of the Schedules and SoFA.²

The Schedules and SoFA have been prepared by the Debtor with the assistance and under the direction of the Debtor's proposed Chief Restructuring Officer and additional personnel at Development Specialists, Inc. (collectively, the "CRO") and are unaudited and subject to further review and potential adjustment and amendment. In preparing the Schedules and SoFA, the CRO relied on financial data derived from the Debtor's books and records that was available at the time of preparation. The CRO has made reasonable efforts to ensure the accuracy and completeness of such financial information, however, subsequent information or discovery of other relevant facts may result in material changes to the Schedules and SoFA and inadvertent errors, omissions, or inaccuracies may exist. The Debtor reserves all rights to amend or supplement its Schedules and SoFA.

¹ The Debtor's last four digits of its taxpayer identification number are (6725). The headquarters and service address for the above-captioned Debtor is 300 Crescent Court, Suite 700, Dallas, TX 75201.

² These Global Notes are in addition to any specific notes contained in the Debtor's Schedules or SoFA. The fact that the Debtor has prepared a "general note" with respect to any of the Schedules and SoFA and not to others should not be interpreted as a decision by the Debtor to exclude the applicability of such general note to any of the Debtor's remaining Schedules and SoFA, as appropriate.

Reservation of Rights. The Debtor reserves all rights to amend the SoFA and Schedules in all respects, as may be necessary or appropriate, including, but not limited to, the right to dispute or to assert offsets or defenses to any claim reflected on the SoFA and Schedules as to amount, liability or classification of the claim, or to otherwise subsequently designate any claim as "disputed," "contingent" or "unliquidated." Furthermore, nothing contained in the SoFA and Schedules shall constitute a waiver of rights by the Debtor involving any present or future causes of action, contested matters or other issues under the provisions of the Bankruptcy Code or other applicable non-bankruptcy laws.

Description of the Case and "As Is" Information Date. On October 16, 2019 (the "Petition Date"), the Debtor filed a voluntary petition for relief with the United States Bankruptcy Court for the District of Delaware (the "Delaware Bankruptcy Court") under Chapter 11 of the Bankruptcy Code. The Debtor is managing its assets as a debtor in possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code. On December 4, 2019, the Delaware Bankruptcy Court entered an Order transferring this case to the Bankruptcy Court [Docket No. 1].

Asset information in the Schedules reflects the Debtor's best estimate of asset values as of the Petition Date, unless otherwise noted. No independent valuation has been obtained.

Basis of Presentation. The Schedules and SoFA do not purport to represent financial statements prepared in accordance with Generally Accepted Accounting Principles ("GAAP"), nor are they intended to fully reconcile to any financial statements otherwise prepared and/or distributed by the Debtor.

Although these Schedules and SoFA may, at times, incorporate information prepared in accordance with GAAP, the Schedules and SoFA neither purport to represent nor reconcile to financial statements prepared and/or distributed by the Debtor in accordance with GAAP or otherwise. Moreover, given, among other things, the valuation and nature of certain liabilities, to the extent that the Debtor shows more assets than liabilities, this is not a conclusion that the Debtor was solvent at the Petition Date. Likewise, to the extent that the Debtor shows more liabilities than assets, this is not a conclusion that the Debtor was insolvent at the Petition Date or any time prior to the Petition Date.

Estimates. To timely close the books and records of the Debtor, the CRO must make certain estimates and assumptions that affect the reported amounts of assets and liabilities and reported revenue and expenses. The Debtor reserves all rights to amend the reported amounts of assets, liabilities, revenue, and expenses to reflect changes in those estimates and assumptions.

Confidentiality. There may be instances within the Schedules and SoFA where names, addresses, or amounts have been left blank. Due to the nature of an agreement between the Debtor and the third party, concerns of confidentiality, or concerns for the privacy of an individual, the Debtor may have deemed it appropriate and necessary to avoid listing such names, addresses, and amounts.

Intercompany Claims. Any receivables and payables between the Debtor and affiliated or related entities in this case (each an "Intercompany Receivable" or "Intercompany Payable" and, collectively, the "Intercompany Claims") are reported as assets on Schedule B or liabilities on Schedule E and Schedule F. These Intercompany Claims include the following components, among others: 1) loans to affiliates or related entities, 2) accounts payable and payroll disbursements made out of an affiliate's or related entity's bank accounts on behalf of the Debtor, 3) centrally billed expenses, 4) corporate expense allocations, and 5) accounting for trade and other intercompany transactions. These Intercompany Claims may or may not result in allowed or enforceable claims by or against the Debtor, and by listing these claims the Debtor is not indicating a conclusion that the Intercompany Claims are enforceable. Intercompany Claims may also be subject to set off, recoupment, and netting not reflected in the Schedules. In situations where there is not an enforceable claim, the assets and/or liabilities of the Debtor may be greater or lesser than the amounts stated herein. All rights to amend intercompany Claims in the Schedules and SoFA are reserved.

The Debtor has listed the intercompany payables as unsecured claims on Schedule F. The Debtor reserves its rights to later change the characterization, classification, categorization, or designation of such items.

Insiders. For purposes of the Schedules and SoFA, the Debtor defines "insider" pursuant to section 101(31) of the Bankruptcy Code. Payments to insiders are set forth on Question 3.c. of the SoFA.

Persons listed as "insiders" have been included for informational purposes only. The Debtor did not take any position with respect to whether such individual could successfully argue that he or she is not an "insider" under applicable law, including without limitation, the federal securities laws, or with respect to any theories of liability or for any other purpose. Inclusion of any party in the Schedules and SoFA as an insider does not constitute an admission that such party is an insider or a waiver of such party's right to dispute insider status.

Excluded Accruals and GAAP Entries. The Debtor's balance sheet reflects liabilities recognized in accordance with GAAP; however, not all such liabilities would result in a claim against the Debtor. Certain liabilities (including but not limited to certain reserves, deferred charges, and future contractual obligations) have not been included in the Debtor's Schedules. Other immaterial assets and liabilities may also have been excluded.

Classification and Claim Descriptions. Any failure to designate a claim on the Schedules as "disputed," "contingent" or "unliquidated" does not constitute an admission by the Debtor that such amount is not "disputed," "contingent" or "unliquidated." The Debtor reserves the right to dispute, or to assert offsets or defenses to, any claim reflected on its Schedules as to amount, liability or classification or to otherwise subsequently designate any claim as "disputed," "contingent" or "unliquidated."

Listing a claim (i) in Schedule D as "secured," (ii) in Schedule E as "priority" or (iii) in Schedule F as "unsecured nonpriority," or listing a contract in Schedule G as "executory" or "unexpired," does not constitute an admission by the Debtor of the legal rights of the claimant or a waiver of the Debtor's right to recharacterize or reclassify such claim or contract.

Moreover, the Debtor reserves all rights to amend the SoFA and Schedules, in all respects, as may be necessary or appropriate, including, but not limited to, the right to dispute or to assert offsets or defenses to any claim reflected on the SoFA and Schedules as to amount, liability or classification of the claim, or to otherwise subsequently designate any claim as "disputed," "contingent" or "unliquidated." Furthermore, nothing contained in the SoFA and Schedules shall constitute a waiver of rights by the Debtor involving any present or future causes of action, contested matters or other issues under the provisions of the Bankruptcy Code or other relevant non-bankruptcy laws.

Credits and Adjustments. The claims of individual creditors for, among other things, goods, products, services or taxes are listed as the amounts entered on the Debtor's books and records and may not reflect credits, allowances or other adjustments due from such creditors to the Debtor. The Debtor reserves all of its rights respecting such credits, allowances or other adjustments.

Setoffs. The Debtor may incur setoffs from third parties in its business. Setoffs in the ordinary course can result from various routine transactions, including intercompany transactions, pricing discrepancies, warranty claims and other disputes between the Debtor and third parties. Certain of these constitute normal setoffs consistent with the ordinary course of business in the Debtor's industry. In such instances, such ordinary course setoffs are excluded from the Debtor's responses to Question 13 of the SoFA. The Debtor reserves all rights to enforce or challenge, as the case may be, any setoffs that have been or may be asserted.

Specific Notes. These general notes are in addition to the specific notes set forth below or in the related Statement and Schedules hereinafter.

General Disclaimer

The Debtor has prepared the Schedules and the SoFA based on the information reflected in the Debtor's books and records. However, inasmuch as the Debtor's books and records have not been audited or formally closed and evaluated for proper cut-off on the Petition Date, the Debtor cannot warrant the absolute accuracy of these documents. The Debtor has made a diligent effort to complete these documents accurately and completely. To the extent additional information becomes available, the Debtor will amend and supplement the Schedules and SoFA.

Specific Schedules Disclosures

a. Schedule A/B, Part 4 - Investments; Non-Publicly Traded Stock and Interests in Incorporated and Unincorporated Businesses, including any Interest in an LLC, Partnership, or Joint Venture. Certain ownership interests in subsidiaries have been listed in Schedule A/B, Part 4, at their book value on account of the fact that the fair market value of such ownership is dependent on numerous variables and factors. Fair value of such interests may differ significantly from their net book value. Further, for investments listed at fair value, many of the Debtor's assets are not exchange traded and are fair valued utilizing unobservable

inputs, historical information, and significant and/or subjective estimates. As a result the liquidity and ultimately realized value of such investments may differ materially from the fair value listed on the schedule.

- b. Schedule A/B, Part 7 Office Furniture, Fixtures, and Equipment; and Collectibles. Dollar amounts are presented net of accumulated depreciation and other adjustments.
- c. Schedule A/B, Part 11 All Other Assets. Dollar amounts are presented net of impairments and other adjustments. Debtor has reflected "unknown" for value of its interests in various other assets. While the face value of the notes receivable is included, the current value of these as well as the other assets has not been determined and may differ materially.

Additionally, the Debtor may receive refunds, income tax refunds or other sales tax refunds at various times throughout its fiscal year. As of the Petition Date, however, certain of these amounts are unknown to the Debtor, and accordingly, may not be listed in Schedule A/B.

Other Contingent and Unliquidated Claims or Causes of Action of Every Nature, including Counterclaims of the Debtor and Rights to Setoff Claims. In the ordinary course of its business, the Debtor may have accrued, or may subsequently accrue, certain rights to counter-claims, cross-claims, setoffs, or refunds with its customers and suppliers. Additionally, the Debtor may be party to pending litigation in which the Debtor has asserted, or may assert, claims as a plaintiff or counter-claims and/or cross-claims as a defendant. Because certain of these claims are unknown to the Debtor and not quantifiable as of the Petition Date, they may not be listed on Schedule A/B, Part 11.

d. Schedule D - Creditors Who Have Claims Secured by Property. The Debtor reserves its rights to dispute or challenge the validity, perfection, or immunity from avoidance of any lien purported to be granted or perfected in any specific asset to a secured creditor listed on Schedule D. Moreover, although the Debtor has scheduled claims of various creditors as secured claims, the Debtor reserves all rights to dispute or challenge the secured nature of any such creditor's claim or the characterization of the structure of any such transaction or any document or instrument related to such creditor's claim.

The descriptions provided in Schedule D are intended only to be a summary. Reference to the applicable agreements and other related relevant documents is necessary for a complete description of the collateral and the nature, extent, and priority of any liens.

The Debtor has not included on Schedule D parties that may believe their claims are secured through setoff rights or inchoate statutory lien rights. Although there are multiple parties that hold a portion of the debt included in the secured

facilities, only the administrative agents have been listed for purposes of Schedule D.

e. Schedule E/F - Creditors Who Have Unsecured Claims.

Part 1 - Creditors with Priority Unsecured Claims. Pursuant to the Order (I) Authorizing the Debtor to (A) Pay and Honor Prepetition Compensation, Reimbursable Business Expenses, and Employee Benefit Obligations, and (B) Maintain and Continue Certain Compensation and Benefit Programs Postpetition; and (11) Granting Related Relief [Docket No. 39] (the "Wage Order"), the Debtor received authority to pay certain prepetition obligations, including to pay employee wages and other employee benefits, in the ordinary course of business. The Debtor believes that any non-insider employee claims for prepetition amounts related to ongoing payroll and benefits, whether allowable as a priority or nonpriority claim, which were due and payable at the time of the Petition Date have been or will be satisfied as permitted pursuant to the Wage Order. The Debtor filed the Motion of the Debtor for Entry of an Order Authorizing the Debtor to Pay and Honor Ordinary Course Obligations under *Employee Bonus Plans and Granting Related Relief* [Docket No. 177] pursuant to which the Debtor seeks authority to pay and honor certain prepetition bonus programs. Employee claims related to these programs are shown in the aggregate amounts in Schedule E/F for privacy reasons. Additional information is available by appropriate request to the Debtor. The listing of a claim on Schedule E/F, Part 1, does not constitute an admission by the Debtor that such claim or any portion thereof is entitled to priority status.

Part 2 - Creditors with Nonpriority Unsecured Claims. The liabilities identified in Schedule E/F, Part 2, are derived from the Debtor's books and records. The Debtor made a reasonable attempt to set forth its unsecured obligations, although the actual amount of claims against the Debtor may vary from those liabilities represented on Schedule E/F, Part 2. The listed liabilities may not reflect the correct amount of any unsecured creditor's allowed claims or the correct amount of all unsecured claims.

Schedule E/F, Part 2 reflects liabilities based on the Debtor's books and records.

Schedule E/F, Part 2, contains information regarding threatened or pending litigation involving the Debtor. The amounts for these potential claims are listed as "unknown" and are marked as contingent, unliquidated, and disputed in the Schedules and Statements. Additionally, the amounts of certain litigation claims may be estimates based on the allegations asserted by the litigation counterparty, and do not constitute an admission by the Debtor with respect to either liability for, or the amount of, such claims.

Schedule E/F, Part 2, reflects certain prepetition amounts owing to counterparties to executory contracts and unexpired leases. Such prepetition amounts, however,

may be paid in connection with the assumption or assumption and assignment of an executory contract or unexpired lease. In addition, Schedule E/F, Part 2, does not include claims that may arise in connection with the rejection of any executory contracts and unexpired leases, if any, that may be or have been rejected.

As of the time of filing of the Schedules and Statements, the Debtor had not received all invoices for payables, expenses, and other liabilities that may have accrued prior to the Petition Date. Accordingly, the information contained in Schedules D and E/F may be incomplete. The Debtor reserves its rights to amend Schedules D and E/F if and as it receive such invoices.

f. **Schedule G - Executory Contracts and Unexpired Leases.** While reasonable efforts have been made to ensure the accuracy of Schedule G, inadvertent errors or omissions may have occurred.

Listing a contract or agreement on Schedule G does not constitute an admission that such contract or agreement is an executory contract or unexpired lease or that such contract or agreement was in effect on the Petition Date or is valid or enforceable. The Debtor hereby reserves all of its rights to dispute the validity, status, or enforceability of any contracts, agreements, or leases set forth in Schedule G and to amend or supplement such Schedule as necessary. Certain of the leases and contracts listed on Schedule G may contain renewal options, guarantees of payment, indemnifications, options to purchase, rights of first refusal and other miscellaneous rights. Such rights, powers, duties and obligations are not set forth separately on Schedule G. In addition, the Debtor may have entered into various other types of agreements in the ordinary course of its business, such as supplemental agreements, amendments, and letter agreement, which documents may not be set forth in Schedule G.

Certain of the agreements listed on Schedule G may have expired or terminated pursuant to their terms, but are listed on Schedule G in an abundance of caution.

The Debtor reserves all rights to dispute or challenge the characterization of any transaction or any document or instrument related to a creditor's claim.

In some cases, the same supplier or provider may appear multiple times in Schedule G. Multiple listings, if any, reflect distinct agreements between the Debtor and such supplier or provider.

The listing of any contract on Schedule G does not constitute an admission by the Debtor as to the validity of any such contract. The Debtor reserves the right to dispute the effectiveness of any such contract listed on Schedule G or to amend Schedule G at any time to remove any contract.

Omission of a contract or agreement from Schedule G does not constitute an admission that such omitted contract or agreement is not an executory contract or

Highland Capital Management, L.P. Credit Risk Analysis 12/31/2018 Prepared by Madeline Pacocha, PwC

Note: The audit team performed a credit analysis for all material (above performance materiality) notes receivable in order to determine the nature and intent of each note as well as assess the ability of the payee to pay the note. Refer to the team's analysis below.

<detail> —</detail>			A	A		
Account #	Counter Party	Amount	Interest Rate	Maturity Date	<u>Nature</u>	Recoverability
14530	Highland Capital Management Services (James Dondero majority owner)	13,884,352	2.75%	12/31/2047	Highland Capital Management Services is an S Corp that acts as a platform investment company for one-off investments. Loans are provided to this entity primarily in order to provide seed capital for new investments.	Based on our testing performed over this loan, the engagement team notes that all the previous loans issued to HCMSI have been restructured and consolidated into one loan with a maturity date of 12/31/20/4 and a yearly installment payment plan. The audit team also vouched interest payments being made by the fund, which also signifies that they have the ability to continue to make their payments. As such, the team is comfortable that the fund will be able to pay the loan when it becomes due. Further note that HCM Services has also paid back \$588K to HCMLP in principal payments for 2018 (vouched by engagement team) and paid off all the interest of the fund as of 12/31/2018. As the fund is showing an ability by continuing to make payments subsequent to year end and an installment payment plan has been implemented, the audit team is comfortable that the entity has the ability to pay down this loan when it becomes due. Furthermore, Jim Dondero owns more than 70% of this entity.
14531	Highland Capital Fund Advisors	4,895,352	2.62%	On demand but not before 5/31/2019	Loans are made to HCMF for the fund's operational purposes.	Per review of the audited HCMF financial statements, the engagement team notes that the fund is realizing profits and has a positive cash flow. Based on the team's going concern considerations for this fund, the expectation is that the fund will be in positive partners capital by the next fiscal year. Based on the profit and improving performance of the fund, the team is comfortable that they will be able to pay the loan when it becomes due.
14532	Nexpoint Advisors	28,417,403	6%	12/31/2047	Loans are made to Nexpoint for the fund's operational purposes.	Per review of the audited Nexpoint financial statements, the engagement team notes that the fund is realizing profits and has a positive cash flow. Based on the team's going concern considerations for this fund, the expectation is that the fund continue to recover from its negative partners' capital balance in the coming years as it continues to improve performance and does not over distribute partners' capital. The engagement team additionally notes that NPA has stopped waiving management fees to the BDC (Nexpoint Capital Strategies) which is expected to significantly increases their revenue for future period. Based on the profit and improving performance of the fund, the team is comfortable that they will be able to pay the loan installments as they become due.
14533	HCRE Partners (James Dondero)	9,005,843	Varies	and	HCRE Partners is a real estate investment entity that investments in opportunistic real estate investments and historically has realized substantial gains. Loans are provided to this entity primarily in order to provide seed capital for new investments. Note that 31% of this balance is due on demand. The remaining 69% is made up of a restructured loan that has a maturity date of 12/31/2047.	
14565	James Dondero	30,141,021	2.03%-2.25%	On demand and 12/31/2047	Related to Loans given to Limited Partners within the fund including James Dondero and Mark Okada in order to satisfy tax liability. Both have little basis in the fund, therefore a tax loan was given instead of an equity distribution. Note that James Dondero's portion was 92% of this balance and has a maturity date of 12/31/2047.	Per review of the Nexpoint Strategy Opportunities Fund form 13D filed with the SEC on 10/25/18, the engagement team notes that James Dondero owns 16.8% of this fund. Per review of the audited 120/1/18 financial statements for NHF, we note a total Net Asset Value of \$767.7 million, which leaves Dondero's ownership value in the fund at \$126.9 million. Additionally, the team notes that per NexPoint Residential Trust, Inc. form DEF 13D filed with the SEC on 11/20/2018, James Dondero also owns 19.65% of NexPoint Residential Trust. Per review of the audited 12/31/18 financial statements for NXRT, we note a total Net Asset Value of \$296,028.000 which leaves Dondero's ownership value in the fund at \$56.196.95.02. Based solely on these two investment values (\$188,089.502 value), not considering his extensive ownership of other assets, the team notes that Mr. Dondero has significant net worth in excess of the amount that is payable to HCMLP and therefore he has the ability to pay the loan. We note that because NHF is a publicly traded fund, he has the ability to sell his shares or transfer them back to HCMLP to satisfy the debt.
14750	Dugaboy (James Dondero)	21,556,268	3.26%	12/31/2047	The audit team notes that this note was primarily made in order to donate assets held by the fund to charity. Therefore, the fund sold assets in exchange for a Note Payable ultimately from Dugaboy, of which the primary beneficiary is James Dondero.	See above.
14585	Hunter Mountain Investment Trust (James Dondero)	60,167,335	2.61%	On demand	Note that Hunter Mountain purchased 99.5% of HCMLP. This loan was originally made for seller financing of the purchase of HCMLP as a part of the purchase price was paid in cash and a portion was financed as a note payable to HCMLP.	As Hunter Mountain owns 99.5% of HCMLP (verified through capital testing), the audit team notes that if Hunter Mountain did not have the ability to pay when the note became due, HCMLP could simply recover the receivable by netting off Hunter Mountain's capital balance. As such, the team is comfortable with the recoverability of this note. Additionally, the team notes that James Dondero is a significant owner of Hunter Mountain through the Crown Global Life Insurance. Therefore, the team notes that Mr. Dondero has significant net worth in excess of the amount that is payable to HCMLP and therefore he has the ability to pay the loan.
